*A special thanks to my creative soul mate, Alberto, who dreams & lives these projects with me. Mr Valerio, who crafted the most beautiful piano sound amongst the olive groves of Salento, Italy.*

*Stefano Manca for building the amazing SUDESTUDIO with that special piano! A special thanks to team L'Orecchietta in Guagnano for looking after us with your exquisite food everyday during recording.*

*Titti who believes, giving me a chance to open new windows. Renato for your all your support and the whole Ponderosa team.*

*My favourite artist Franco Matticchio who brought his magical touch to all the artwork like only he can. My talented friend Andrea R. for all the hours of graphic & visual design, as well as being our listening reference guru.*

*My Family... Rosie, Sophia, Lily,  
Denis, Chryssie and Fa. Milo,  
Ben, Andrea D & all the mini them.  
My confidants and advisory board,  
Zoe, Dan & Louis.*

*Rich, Imi & the LCs.*

*A special hug to Naima  
for all her mini  
advice.*

## Golden Hour

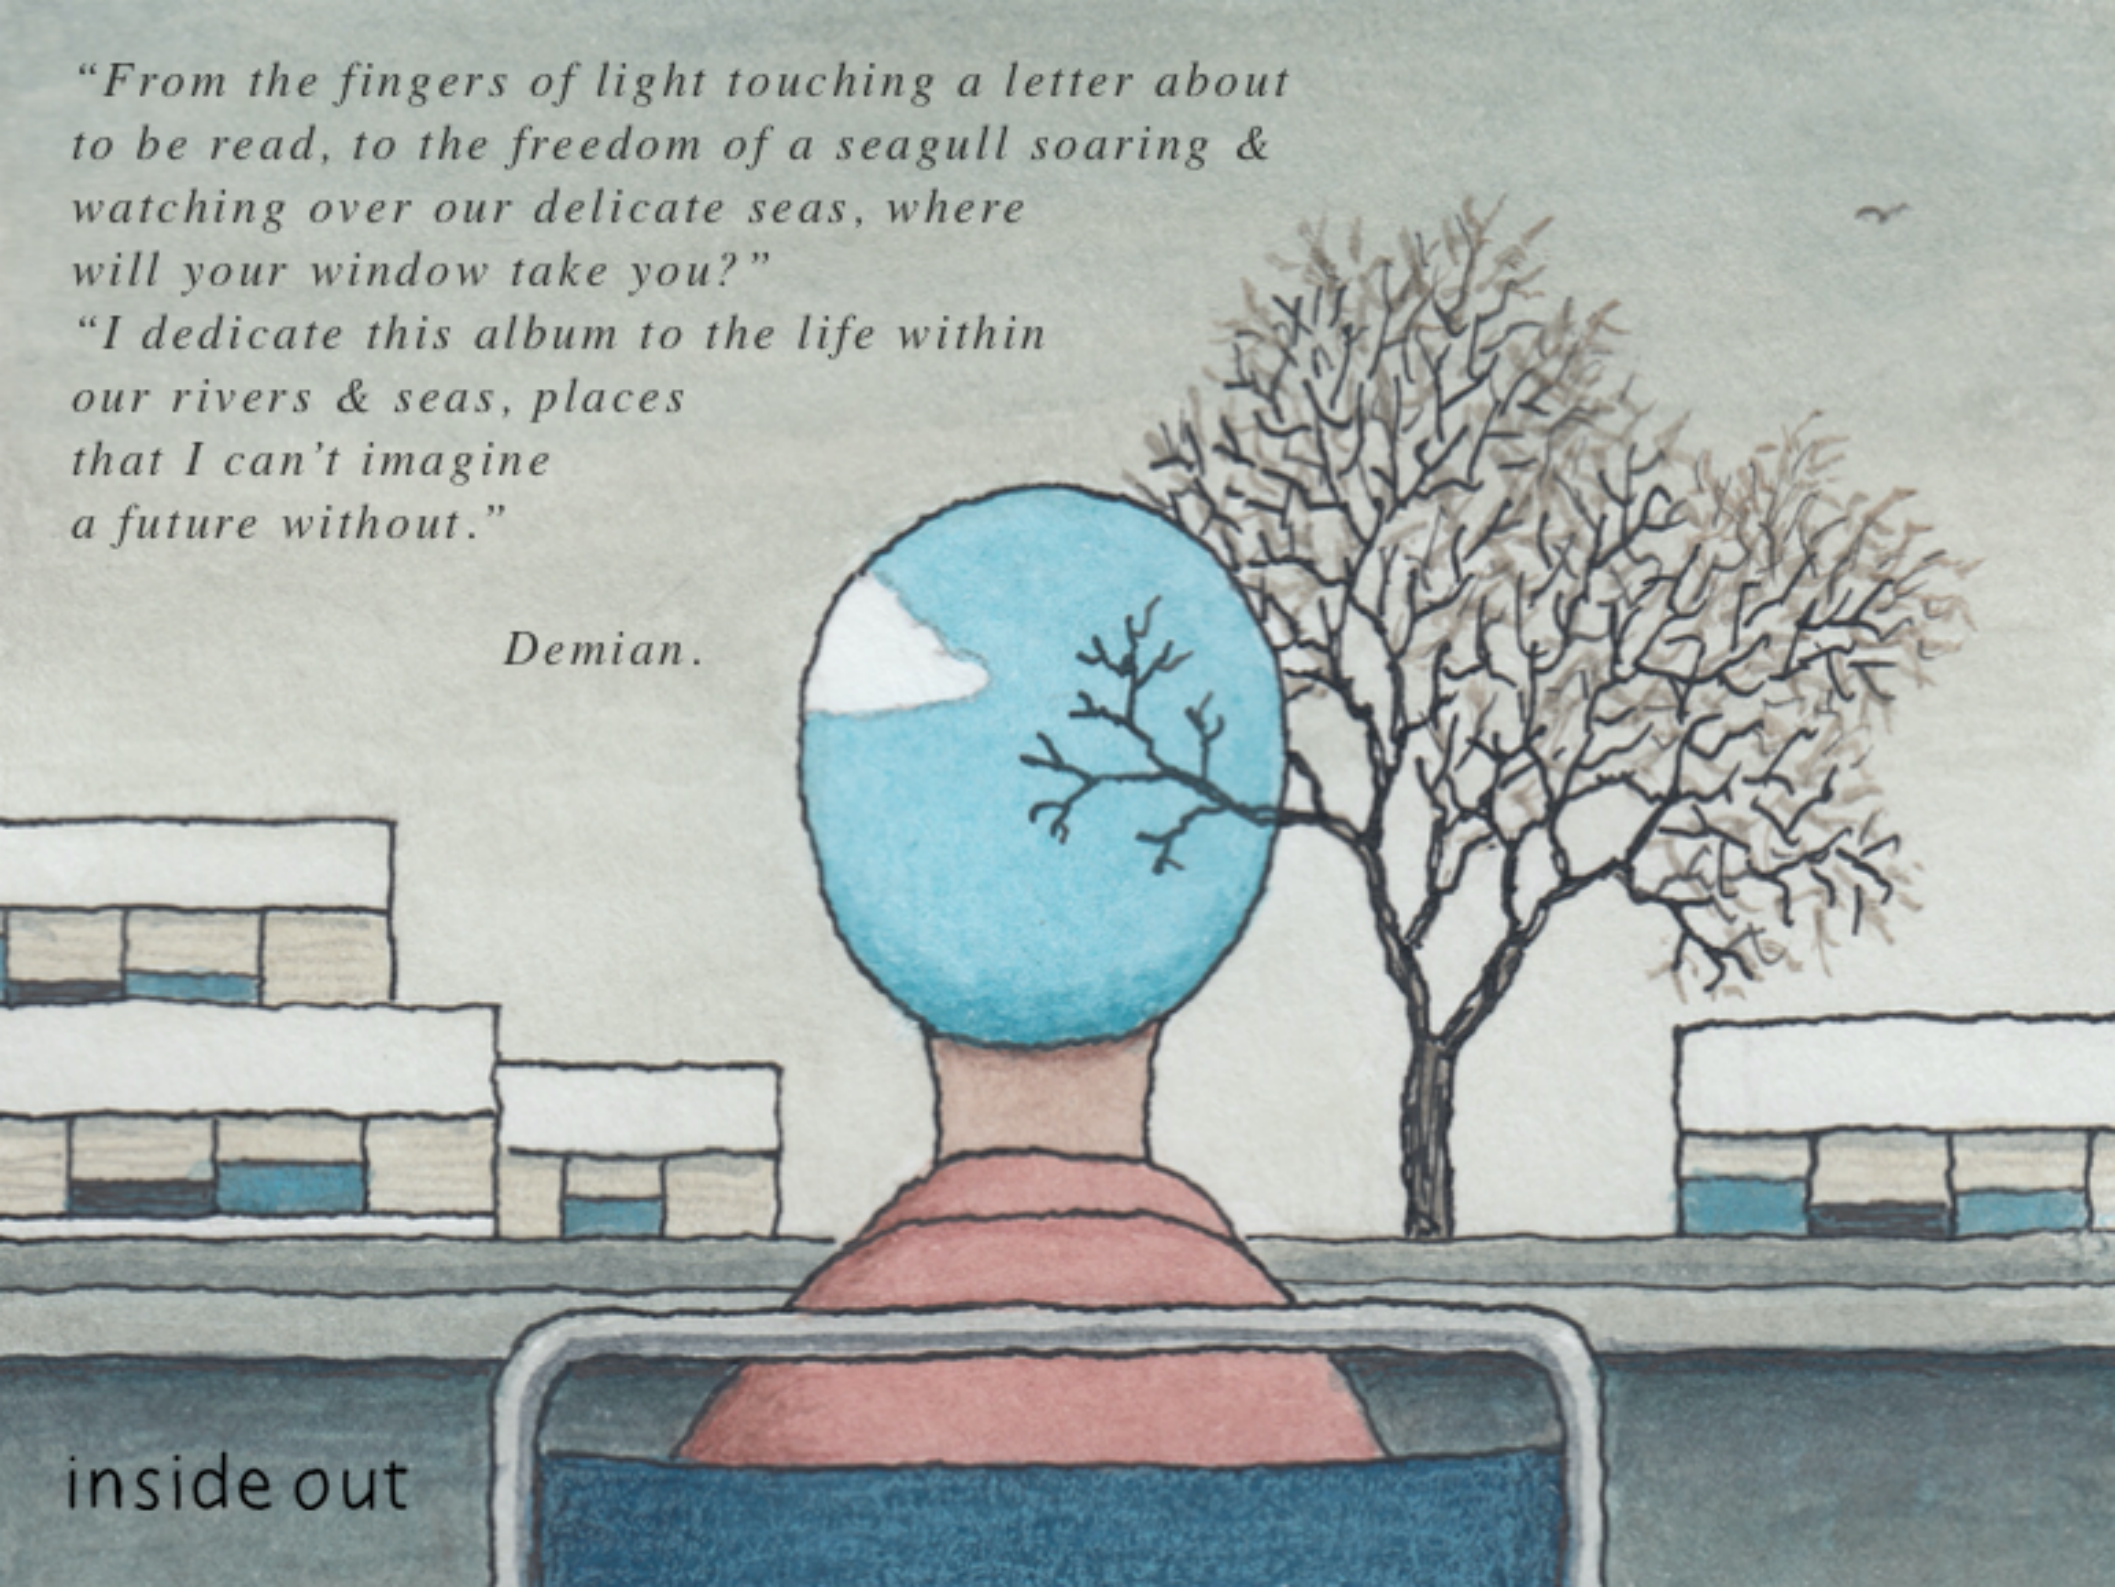

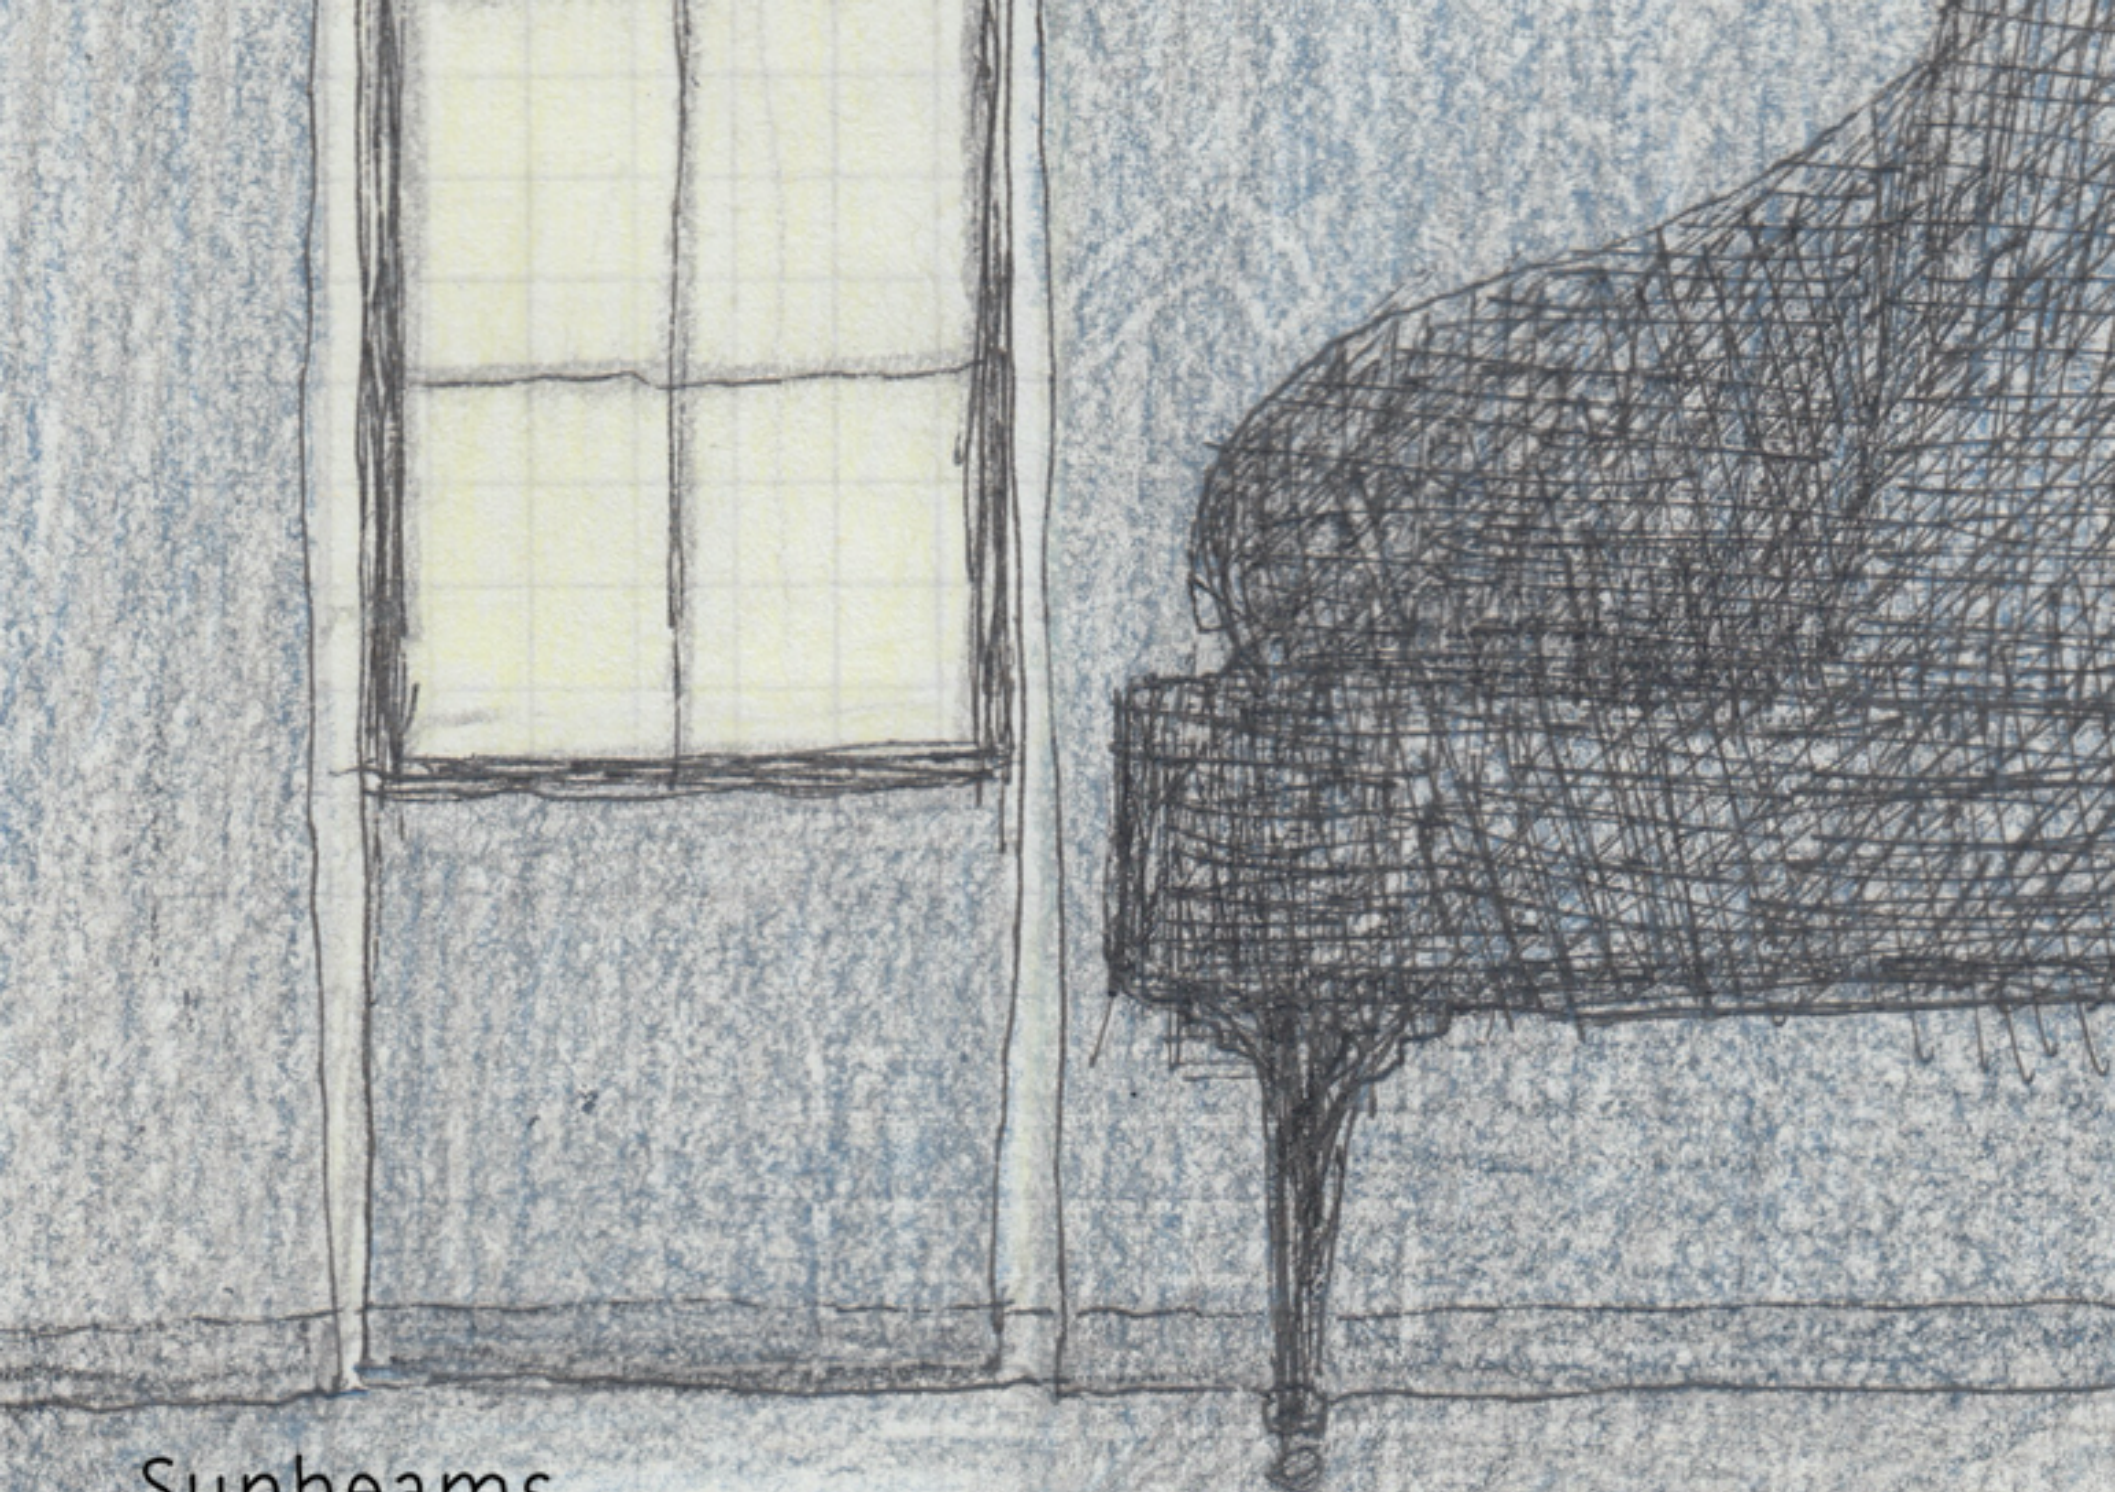

*"From the fingers of light touching a letter about  
to be read, to the freedom of a seagull soaring &  
watching over our delicate seas, where  
will your window take you?"*

*"I dedicate this album to the life within  
our rivers & seas, places  
that I can't imagine  
a future without."*

*Demian.*
