Lyrics:

When you most doubt
Then your dreams can be
Without realizing you gonna die
In a strange demodé world

I know it won't
for us to meet

Whole days will pass
And time will come undone

Then it's too late, no time to cry
Life will be a cliché

I know it won't
for us to meet
I do not want wake up

Without traveling, with you
Textures, your touch
Whispers, chilling
Mysteries
Our love is like, I'm dreaming
I'm feeling like, I've seen it
In other lives

Even if you are not close to me
When you are dreaming, we'll be right there together

Lyrics:

You've been making me sound strange
you have made me

you have is done
made me
sound strange
It is made

Interfering with the moon
of tin

multiplying timbres
Electrifying
you have me sweating

You left your number
You left your number
You left your number on my fridge

You left your number
You left your number

And yet you're so out of reach

and it has effect
has made me
To sweat

opening voices
synthesizing
bringing gain
causing

and has made me sound
Strange
With the mouth painted blue
of tin
And it has made me sound
Strange

You left your number...
On my fridge

Mulato, branco pra preto, preto pra branco

Sign in black, sign in white
Sina de preto, sinal de branco

Brazil did not see the obvious
O Brasil não viu o óbvio
Mulatto lives, mulatto dies
Mulato vive, mulato morre

black melee
Corpo a corpo preto

Live mulatto, dead mulatto
Mulato vivo, mulato morto

The beach exploded the sun
Morning
It's always that way
Only you weren't here to see
Amelie

Amelie
She read my signs
Free, love your garden
Beautiful river runs alone
Amelie

Amelie
Let's go to the cinema to see the sun
Blow up on the beach early in the morning
It's always like that, it just won't
Just don't go when it rains

The sun rises
Just to see
Just to see Amelie
Just to see
All the children
To see
The little birds chirping
We will see

The little birds chirping
come out and see
The little birds chirping

Take me there one more time
It could be on a weekend
It might be after dinner.

I follow you on a website
I like you before bed
I follow you on a website
I like you before bed

I like you
And who do you like?
And you like who likes you a lot

I tighten the pace of time just for me
(I press the step of time just for me)
I'm far away now
Far away
foot here

I like it before bed
I like before
I like it before bed

Lyrics:

for not knowing
Por não saber

I make myself too weak
Me faço de fraco demais

If it's meant to be, let it be something better
Se for pra ser, que seja algo melhor

to understand
De se compreender
I did not lose
Eu não perdi

space of my time
Espaço do meu tempo

looking to be here
Procurando estar aqui
for me a yes
Pra mim, um sim

does not mean the end
Não significa o fim

So excuse me if this time
Então, perdão, se dessa vez

I couldn't be clear how to be
Não pude ser claro como ser
And it was like this
E foi assim

On the day I threw myself
No dia em que eu me atirei

For the first time
Pela primeira vez

Lyrics:

I don't get to be anymore

what a gigolo

I blend in with the sidewalk

selling fake love

But I

I don't give myself

No love

I let loose laughter

for no reason

I dedicate myself to counting notes

in the blue twilight

But not

I knew

no love

My faces are patchwork

of artificial colors

luminous marks

Slogans, teeth and signs

I don't get to be anymore

Than a poor gigolo

What do you hear behind the door?

And peep your love

I hear your flesh
the sound of breathing
the bed creak
Lights up my emotion
the pack of cigarettes
And the photo of the dead person
serve as a consolation
And they sing bossa nova to me
And it plays like this

Troá - Bandeide

Running Time: 03:24

Explicit Language: No

ISRC: GBCLQ2200736

Lyrics:

If you want stay on that side
Se quiser fique desse lado
Light in the houses comes from above
Luz nas casas vêm de cima

Like the orders they give
Como as ordens que eles dão

Mothers squeeze in the cloths
Mães se apertam nos panos

They run away from (photographs) photographs
Fogem das (fotografias) fotografias

parents when they are
Os pais quando estão

rest
Descansam

Lock the doors (and the windows) and the windows
Trancam as portas (e as janelas) e as janelas

parents when they are
Os pais quando estão
Closed door turned wall
Porta fechada virou muro

made me want to jump
Deu vontade de pular

Your sister is not at home
Tua irmã não tá em casa

Went to travel
Foi viajar
You saw that there is no way
Viu que não se faz caminho

without tearing off
Sem se arrancar

Do you know how to jump?
Você sabe pular?

Who will support you?
Quem vai te aguentar?
It will hurt like a broken bone
Vai doer como um osso quebrado

That heals crooked and stays like this
Que sara torto e fica assim

(Snapping from time to time)
(Estalando de vez em quando)

It's gonna hurt, it's gonna hurt when it rips out
Vai doer, vai doer quando arrancar
And why so much screaming, that closed face?
E pra que tanto grito, essa cara fechada?

It still makes sense for me to say, when will I arrive

Ainda faz sentido eu dizer, quando eu vou chegar

You are my root and not shackles
Vocês são minha raiz e não algema

root and not shackle
Raiz e não algema
It will hurt like a broken bone
Vai doer como um osso quebrado

That heals crooked and stays like this
Que sara torto e fica assim

(Snapping from time to time)
(Estalando de vez em quando)

It's gonna hurt, it's gonna hurt when it rips out
Vai doer, vai doer quando arrancar

Who let Mom bring the hammer down on Grandpa's bald head?
Oh my God, they came down with the hammer on grandpa's head
Who let Mom go down with the hammer on Grandpa's bald head?

Hey little sister forget mom

Hey little sister hold mom
Hey little sister don't tell mom
Hey little sister don't tell mom

Hey little sister forget mom

Whoever left the kitchen door open is going to get his ass kicked
Who left the chicken on the table giving soup to the dog
Whoever left the kitchen door open is going to get his ass kicked
Who left the chicken on the table giving soup to the dog

Hey little sister hold mommy
Hey little sister hold mommy

Lyrics:

There on the edge of your gaze
Lá na fronteira do seu olhar

Long after the curtains
Muito depois das cortinas

rests a sea
Repousa um mar

sea gray
Cinzento mar

Of all the saltiest
De todos o mais salgado

And where it's always raining
E onde sempre está chovendo

As if I needed to fill it up more
Como se fosse preciso enchê-lo mais

It's the sea that breaks on my beach
É o mar que quebra na minha praia

And that I try in vain to navigate
E que eu tento em vão navegar

And where do I get
E de onde tiro

my fish
Os meus peixes
It's no use to deviate
Não adianta se desviar

They are two sides of the same sea
São dois lados do mesmo mar

my hot side
O meu lado quente

and its frozen
E o seu congelado

The water that refreshes me is
A água que me refresca é

The same one that petrifies you
A mesma que te petrifica

the same water
A mesma água

the same salt
O mesmo sal
