Lyrics:

It's time for me to get up and go to work,
No it aint cause it's 5o'clock and I don't have to be up till 7,
So what I should do is wake my little woman up and get me some of that loving.

Wake up, mumma won't you give it to me baby,
Wake up, mumma won't you give it to me baby,
Wake up, mumma won't you give it to me baby,
Wake up, mumma won't you give it to me baby,

I love my baby girl, she is my whole world,
She really makes my day in a kind of special way,
I give her all my love, give her the stars above,
She's really out of sight and that's both day and night.

Oh, and when she gives her love to me it burns me up inside from my head down to my feet,
Oh, I'm really hooked on her love, it really makes me glad that this girl belongs to me.

I like what you're doing to me, baby,

I like what you're doing for me, baby,
Girl I like what you're doing

Mumma won't you give it to me baby,
Mumma won't you give it to me baby,
Mumma won't you give it to me.

I love my baby girl, she is my whole world,
And I give her anything, I'm a puppet on a string,
And when she gets a chance, she even makes me dance,
All she does is pull my strings, she moves my heart and everything,

Oh, and when she gives her love to me it burns me up inside from my head down to my feet,
Oh, I'm really hooked on her love, it really makes me glad that this girl belongs to me.

I like what you're doing to me, baby,
I like what you're doing for me, baby,
Girl I like what you're doing

Mumma won't you give it to me baby,
Mumma won't you give it to me baby,
Mumma won't you give it to me baby,
Mumma won't you give it to me

I love my baby girl, she is my whole world,
And I give her anything, I'm a puppet on a string,
And when she gets a chance, she even makes me dance,
All she does is pull my strings, she moves my heart and everything,

Oh, and when she gives her love to me it burns me up inside from my head down to my feet,
Oh, I'm really hooked on her love, it really makes me glad that this girl belongs to me.

I like what you're doing to me, baby,
I like what you're doing for me, baby,
Girl I like what you're doing

You know what to do, when you do it for me baby.

Lyrics:

If you're thinking I'm just full of lies, realise,
How precious you are to me.

You've captured all my heart, realise,
Love will set you free.
All my mind can do is think of you, realise
You're with me night and day.
I want you by my side, realise,
I love you, love you.

Tell me that you love me too, hey baby,
Realise that I want you,
Let me love you, let me love you.

People telling you I've been untrue, realise,
To you I would not do,
Don't turn your head away, realise,
With you I want to stay,
For together we must always be, realise,
I need you to get by,
You're everything to me, realise,
I love you, love you.

Tell me that you love me too, hey baby,
Realise that I want you,
Let me love you, let me love you.

Realise, I love you love you.
Realise, I love you love you.
Realise, I hope you understand what im trying to say to you
Realise, won't you realise that I love you
I love you, love you.

Once a wise man said to me, listen my son I will get you free,
You cant change your destiny, shining star you were meant to be,
That is why I will make it on my own, even though my world life alone,
I will make it on my own, even though my world life alone,

I was so blind I could not see, I could not see the future ahead of me.
Love had brought me back from my hiding place,
Now the world is grooving I gotta tell the human race.

That is why I will make it on my own, even though my world life alone,
I will make it on my own, even though my world life alone,

He's gonna make it yeah, he's gonna make it on his own.
He's gonna make it yeah, he's gonna make it on his own.

That is why I will make it on my own, even though my world life alone,
I will make it on my own, even though my world life alone,

I'm going to make it, but god bless the child that is born.
I'm going to make it everyday.

Lyrics:

It's just a love song, a lovely love song about my love for you girl yeah,
You make the sun rise and girl I am so surprised by the things you do,
You're my desire I'm on fire, your love makes me weak,
And I adore you, thinking of you and you're so sweet.

And I wanna tell the world how you care, but you know I do believe we can have the best love in the world,
You and me, always together, together, you and me, loving loving together.

You have a sweet love, a strong and beautiful love just for me,
Well I have tomorrows, no more sorrows, you made me see girl,
That there is kindness and so much blindness in our romance,
But through our good luck a warm and true pure love we'll make our stand.

And I wanna tell the world how you care, but you know I do believe we can have the best love in the world,
You and me, always together, together, you and me, loving loving together.

You and me, holding on together, any kind of weather,
Just you and me, you and me, just me and you.
You and me, just me and you, all night long.

Lyrics:

Everywhere I look I see the people running round, making such commotion they can barely hear a sound,
There will be none of that here glancing at the clock, while I am alone with you the time it seems to stop.

And we can move on, let's try and relax,
Move on, close your eyes and lean back,
Move on, moving much too fast,
Move on, save the best for last.

Drifting on the soundwalk to the sound of shuffling feet,
Rushing to the buses and the deadlines they must meet,
I tip back and watch as eyes around me unfurl,
If I had a choice I'd like to live in my own world.

Where I can move on, let's try and relax,
Move on, close your eyes and lean back,
Move on, moving much too fast,

Move on, save the best for last.

Everyone must together waiting somewhere peaceful,
Well at least I do, I don't know more if I will ever get there I'll be happy as long as I have you.

Everywhere I look I see the people running round, making such commotion they can barely hear a sound,
There will be none of that here glancing at the clock, while I am alone with you the time it seems to stop.

And we can move on, let's try and relax,
Move on, close your eyes and lean back,
Move on, moving much too fast,
Move on, save the best for last.

Save the best for last.
Save the best for last.
Save the best for last.
Save the best for last.

Greatest things in a love affair, it's not so much what you give it's what you will receive,
And fellas I can tell you some wild things that I got, just the basic little things that seem to mean a lot.

Wait till I get you home, I'm gonna turn you on,
Then I'll reach satisfaction,
Then I'll reach satisfaction,
Then I'll reach satisfaction.

When I reach satisfaction my world's a total peach,
Nothing could more agree with me than for me to reach my peak,
When you're dealing with life's struggles, everyday ups and downs yeah,
Really do you good to know someone will be around.

Wait till I get you home, I'm gonna turn you on,
Then I'll reach satisfaction,
Then I'll reach satisfaction,
Then I'll reach satisfaction.

When we're together little lady girl.

When I reach satisfaction my world's a total peach,
Nothing could more agree with me than for me to reach my peak,
When you're dealing with life's struggles, everyday ups and downs yeah,
Really do you good to know someone will be around.

Wait till I get you home, I'm gonna turn you on,
Then I'll reach satisfaction,
Then I'll reach satisfaction,

She means a lot to me, and man I'm glad to be,
And when I'm getting high, she's there's all the time to make my high complete,
And when I'm hallucinating, it's her that I'm creating,
She's alright, the girls alright.

Getting high, sometimes I wonder why,
Getting high, high on you.

Someone who would need me to promise you'll be true,
And you won't have to worry cause everything I say will be true,
And I'm gonna love you and there's going to be good times there for me and you.

You were so hard to find and you blew my mind,
You were so hard to find and you blew my mind,
Blew it.

Feel my love coming down, girl it's nice when you're around,

Had nine women in this time, looked at you and put them down,

You were so hard to find and you blew my mind,
Blew it,
You were so hard to find and you blew my mind,
Blew it.

You were so hard to find and you blew my mind,
Blew it,
You were so hard to find and you blew my mind,
Blew it.

Lyrics:

As around the sun the earth knows she's revolving
And the rosebuds know to bloom in early may
Just as hate knows love's the cure
You can rest your mind assure
My god will love you always

As now can't reveal the mystery of tomorrow
But in passing will grow older every day
Just as all that's born is new
You know what I say is true
My god will love you always

Just as time knew to move on since the beginning
And the seasons know exactly when to change
Just as kindness knows no shame
Know through all your joy and pain
My god will love you always

My god will love you always
Always
Always
Always

Did you know that Jesus asks for nothing,
His acceptance is the way you pay,
Did you know his life has given love a guarantee to last forever and another day,
Just as time knew to move on since the beginning
And the seasons know exactly when to change
Just as kindness knows no shame
Know through all your joy and pain
My god will love you always

As today I know I'm living
But tomorrow might make me the past
But that I mustn't fear
For I'll know deep in my mind
The love of Jesus on my side
My god will love me always

(Until the day is night and night becomes the day)
Always
(Until the trees and seas just up and fly away)
Always
(Until the day that eight times eight times eight is four)
Always
(Until the day that is the day that are no more)
Did you know you're loved by somebody
Always
I'm gonna love you forever, always
(Jesus always, Jesus always, Jesus always,)

We all know sometimes life hates and troubles
Can make you wish you were born in another time and space
But you can bet your lifetimes that and twice it's double
My God knew exactly where he wanted you to be placed
So make sure when you say you're in it, but not of it
You're not helpin' to make this earth
A place sometimes called hell
Change your words into truths
And then change that truth into love
And maybe our children's children
And their great grandchildren will tell

(I'll be loving you until the rainbow burns the stars out in the sky)
Always
(Until the ocean covers every mountain high)
Always
(Until the dolphin flies and parrots live at sea)
Always
(Until we dream of life and life becomes a dream)
Always
(Jesus always, Jesus always, Jesus always,)
Always
(Jesus always, Jesus always, Jesus always,)

I've been sitting all day, just to see you pass this way, Lord,
And I've wondered all day if love will come my way,
But it seems to me that it's just another day yeah,
Lord, do I love her more like this, sitting here wondering,
Lord, that someday she will say to me,

Hello, and smile and a wave,
Lord, my heart can be at ease,
This big old misery,
Lord, this big old misery.

I've been dreaming all night if love is in her mind,
And I sleep at night want to see her lovely eyes,
But it seems to me it's just another dream,
Lord, do I love her more like this,
Sitting here wondering, Lord,
That someday she would say to me, Hello, smile and a wave,
Lord my heart can be at ease,
In this big old misery,
In this big old misery baby.
